

2025 PREA Annual Report

Brighter Transition Youth Treatment Center/Falls Academy

BACKGROUND

The Prison Rape Elimination Act (PREA) was passed by Congress and signed into law by President George W. Bush in 2003 to prevent, detect and respond to sexual abuse that occurs in confinement settings. The National Prison Rape Elimination Commission developed national standards for reducing prison rape, which became final on June 20, 2012, when they were published by the Department of Justice (DOJ) in the Federal Register. PREA applies to adult prisons and jails, juvenile confinement facilities, lockups and community confinement facilities.

Implementation of the PREA standards in combating sexual abuse in confinement facilities will be contingent upon effective agency and facility leadership, and the development of an agency's principles prioritizing efforts to combat sexual abuse. The prevention of rape, sexual assault, or sexual misconduct is a top priority for Brighter Transition YTC. We have a zero tolerance for any incidence of rape, sexual assault or sexual misconduct; and makes every effort to comply with applicable components of the Prison Rape Elimination Act (PREA) of 2003.

Pursuant to § 115.387 of the PREA standards

- (a) The agency shall collect accurate, uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions.
- (b) The agency shall aggregate the incident-based sexual abuse data at least annually.
- (c) The incident-based data collected shall include, at a minimum, the data necessary to answer all questions from the most recent version of the Survey of Sexual Violence conducted by the Department of Justice.
- (d) The agency shall maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews.
- (e) The agency also shall obtain incident-based and aggregated data from every private facility with which it contracts for the confinement of its residents.
- (f) Upon request, the agency shall provide all such data from the previous calendar year to the Department of Justice no later than June 30.

Subsequently, these statistics are published in an annual report made public via the Brighter Transition YTC website, the annual report covers the reporting period from July 1, 2024 to June 30, 2025 and will provide the following:

- Brighter Transition YTC definitions;

PREA Compliance Activities and Investigations of Allegations

Brighter Transition YTC has a zero-tolerance policy relating to sexual assault/rape of a student and will cooperate in the investigation and prosecution of anyone involved in a sexual assault/rape of a Brighter Transition YTC student. The primary responsibility of all Brighter Transition YTC employees is student safety. This policy shall be followed in conjunction with all Federal and State mandatory reporting requirements.

All sexual abuse allegations are reported to the proper authorities for investigation. Brighter Transition YTC cooperates with the investigative agency and follows up with any findings or recommendations from the investigation.

Brighter Transition YTC PREA Coordinator conducts internal Critical Incident Reviews on reported sexual abuse allegations. The review consists of environmental factors, human factors, system factors as well as any corrective actions items that need to be follow up on.

Substantiated PREA incidents have shown an increase compared to last year. The primary contributing factor is non-penetrative sexual contact occurring through peer horseplay. Facility staff continue to emphasize prevention and education initiatives focused on establishing and respecting peer-to-peer boundaries. There were no allegations or findings indicating the occurrence of sexual violence at the facility. Supervision and safety of all youth in our care remains a top priority.
